

Google Business Profile — Content Package

C S Rushil & Co. · Chartered Accountants, Anna Nagar, Chennai · Prepared 2026-09-17

Companion to `GBP-CHECKLIST.md` (which covers the mechanics and why). This document is the actual copy to paste into each Google Business Profile field, plus guidance on the two office photos supplied. The paste/upload step still has to be done by hand — it requires the firm's own Google account — but nothing here needs drafting from scratch.

On the "CA India" logo graphic

Do not upload this as the GBP logo or cover photo. It is ICAI's own promotional emblem, not the firm's logo — using it as the listing's brand image would misrepresent the firm as the Institute itself, the same category of issue this project's history already shows was fixed once ("Fix ICAI Code of Ethics violations"). Until a finished firm logo exists, leave the GBP logo slot for a text-based "CS" or "C S Rushil & Co." mark, or use one of the real office photos as the cover photo in the meantime.

Business name (exact — do not add keywords)

C S Rushil & Co.

Do not append "Best CA in Chennai" or similar — this violates Google's guidelines and risks suspension.

What to do with the two office photos supplied

Both are genuinely useful — upload both to GBP under **Photos** → **Interior** (or **Team**, if offered):

1. **Team workspace photo** (people at laptops, open-plan desks): caption as "Our Anna Nagar team at work." This is exactly the kind of real, unstaged photo Google's local-ranking signals reward over stock imagery.
2. **Meeting/review room photo** (team seated around a table, whiteboard visible): caption as "Team review session at our Anna Nagar office."

Beyond these two, prioritise adding over time: office exterior/signage, the founder's photo individually, and — once available — real client-facing moments (with consent).

Q&A section — seed these as the business

GBP's Q&A section is publicly writable by anyone, so seeding it with accurate answers gets ahead of speculation:

1. **Is the first consultation free?** Yes — we review your situation and provide a fixed, written quote before any engagement begins.
2. **Do you handle GST notice replies and appeals?** Yes, including show-cause notice replies, departmental audits, appeals before the Appellate Authority, and GST Appellate Tribunal representation.
3. **Can you register a company for someone who isn't based in Chennai?** Yes — MCA filings are fully online; we coordinate document collection and filing remotely for founders anywhere.
4. **What are your fees for company registration?** See our indicative pricing guide at csrushil.com/ca-fees-chennai, or contact us for a fixed quote based on your specific structure.
5. **Do you serve areas outside Anna Nagar?** Yes — we work with clients across Chennai, in person for those nearby and virtually for everyone else.
